

WTSBOA Membership Meeting #2

Cordova High School

November 20, 2010

The meeting was called to order by President David Chipman at 5:30 p.m. David asks all members to sign in. David welcomes TMEA President-Elect Dian Eddleman to the meeting.

A motion was made to dispense with the reading of the minutes as they are posted on the website. The motion was seconded and approved.

The Treasurer's Report was given by Darrell Evans with a balance of \$10, 872.89 with \$30,724.25 in reserve. A motion was made and seconded to accept the report as read.

AUDITION CONCERNS

David asks for comments from the membership about aspects of the audition process that need some fine tuning. Andy Palmer suggests we notify directors in advance that all students auditioning need to be on site by 3:30. That allows for rooms to finish that are running ahead of schedule instead of waiting for posted times. Also need to clarify that if you come early to audition you will be allowed to go early if there is an opening. Also a request to publish starting times for each instrument so that students auditioning in rooms that judge more than one instrument group know when their group starts so that they don't come early to play while an earlier group is still auditioning.

ORCHESTRA REPORT

James Weil thanks everyone for their help today. A suggestion was made to move wind auditions to the morning. The reason we do them in the afternoon is so the wind only directors can help with the audition all day. We can't run the audition without their help all day. Praise to Jason Hackley and Robyn Greene for a great job at hosting the event.

BAND REPORT

Karen Henning asks that all rehearsal chairmen make sure they are following the deadlines in their notebooks and getting info to her ASAP. Deadline for registration for All West Band and Jazz auditions is December 10th.

Directors please have students fill out intent forms for All West. Brad Turner asks directors to verify spelling of student names as early as the registration process so that the program info is correct and their nametags are correct. Please don't use all uppercase letters. Brad recommends buying a student ad for the program. He needs an ad commitment by December 3rd.

A motion to adjourn was made and approved at 5:45 p.m.
