WTSBOA PRESIDENT MESSAGE

Over the years, our All-West Clinic has involved band directors from 120 West Tennessee schools bringing around 1000 student musicians from middle school to high school age to learn and perform under some of the top music educators in the Nation. We are so very proud of the past success of our clinics and how they have had such a positive impact on the students involved and the many communities and schools they represent. Even though we know that our decision to cancel this year's clinic created disappointment in our hardworking and dedicated student musicians, we believed that it was our job to ensure their safety and follow CDC guidelines concerning large crowds and social distancing during this worldwide pandemic. We are proud of our students this year for choosing to make themselves better musicians by auditioning while knowing that there would be no clinic. That alone is testament to the outstanding student musicians and directors we have in West Tennessee.

If you have attended our clinic in the past several years, you have noticed construction on the facilities during our All-West Clinic, which is due to a \$200 million renovation at the convention center. We are excited to report that construction is complete and all of our future All-West Clinics will be held in the newly renovated Renasant Convention Center in downtown Memphis. This will give our students the opportunity to learn and perform in one of the top convention centers in the Nation. Congratulations to our 2020-2021 All-West students, and we know that this pandemic will soon end and our future All-West clinics will be better than ever.
